

Wholesale_Customer_Distribution

This file is provided at no charge to LPs and is a summary of their product sales in the past week organized by retailer. Please see below for a list of all columns on this file and their definitions.

Column A: ESTABLISH_NAME

The name of a given cannabis retailer.

Column B: ADDRESS

The address of a given cannabis retailer.

Column C: CITY

The city of a given cannabis retailer.

Column D: VENDOR_NUMBER_PO

The vendor site number with the BCLDB. If you have multiple Health Canada licensed sites from which BCLDB purchases products, you may have multiple numbers.

Column E: VENDOR_NAME

The vendor registered for this data report.

Column F: PRODUCT_SKU_NO

The BCLDB unique identifier (SKU/item number) for each product.

Column G: INTERNAL_PRODUCT_NAME

The BCLDB internal name for each product.

Column H: WEEK_ENDING_DATE

The end date of the sales week covered by this report.

Column I: CASE_SALES

The number of cases of a given SKU sold to a given cannabis retailer.
